PROFESSIONAL SUMMARY

Computer Science graduate with expertise in frontend and cross-platform mobile app development, and backend integration. Proficient in creating dynamic, intuitive applications using [React](#), [JavaScript](#), [C#](#), and [MongoDB](#). Passionate about building seamless user experiences and AI-driven solutions. Currently exploring opportunities to apply and grow technical skills in a challenging development environment.

EDUCATION

Bachelor of Science in Computer Science

COMSATS University Islamabad, Attock Campus (2021 - 2025)

Technical Skills: HTML, CSS, JavaScript, React, Node.js, C#, MongoDB, SQL, Git

PROJECTS

Qur'an Ayah Reflector

Developed a web app to view and listen to Qur'an translations with audio controls and animated dark UI using Quran.com API.

Personal Portfolio Website

Developed a responsive React.js portfolio with modern UI, showcasing projects, skills, and interactive features.

Face Disease Detection & Recommendation System

Developed a React Native app with a CNN model to detect facial skin diseases, using Node.js and MongoDB for secure user management and treatment recommendations.

WORK EXPERIENCE

Media Team Member: MLSA Attock & GDGOC Attock

Web Development Intern | Elevvo (Egypt)

Gained hands-on experience in web development through practical projects and real-world tasks.
